## Heavy Early Vote Marks Primaries

BATTLE OF BALLOTS IN  
ALL PRECINCTS SINCE  
OPENING OF THE POLLS

## Army of Workers in Field Fighting for Favorites

The primary election held today, the first held under the primary law passed at the last session of the legislature, is attracting an attention on the part of voters which has never been equalled in the history of this city and county. Advances from other parts of the state show that the same conditions exist there, and as a consequence, at the close of the polls this evening, the result will show the largest vote which has ever been polled in this county.

The registry showed nearly 50,000 names on the voting rolls and while of course that number of votes will not be cast, at the same time the poll books will show a total which will be surprising to the people of this section of the state in which the representation of voters at primaries is usually larger than that of other counties in the state.

## LARGE VOTE.

The size of the vote at this time is due to a variety of circumstances. As is well known, there has never been such a campaign in this state comparable with that which has just come to a close. There never has been a canvass of the state made in any way comparable in thoroughness with the canvass which has been completed, and there never has been a time when the people from one end to the other of California have been so importuned for votes and support as they have in the last five months.

Besides this, there has been an earnest appeal made to the voters to elect themselves to nominate their own representatives without the intervention of a party convention and their patriotism has been aroused by urgent request to show appreciation of a law which enabled them to determine whom they desired to be candidates for office.

## EARLY VOTE LARGE.

At the same time, the weather has been the most delightful character. This too has had something to do with the results. Almost before the first rays of the sun this morning, the sun was in evidence, not a speck of fog being in the heavens. This brightness had the effect of sending voters to the polls early on, on the contrary, had there been a murky atmosphere, the larger number of voters would have hastened to the polls at the various places of business, taking the chance of depositing their votes on their return to their precincts in the evening. The weather was really the weather which is considered vote-producer in this community and as a consequence there was not a precinct roll in the neighborhood which did not show that at 8 o'clock at least twenty-five votes had been cast. As the day advanced, there was a constant accession to the list and it is expected that this evening there will be a rush to the polls which has never been equalled.

## ESTIMATE OF VOTE.

There is a great diversity of opinion as to how many votes will be cast, but some of the best forecasters of results at the polls have given a prediction of the idea that there will be not fewer than 25,000 to 27,500.

This is not considered an extravagant estimate, for the reason that, aside from the conditions which have given rise to the battle of the ballot, there is a strong feeling on the part of the supporters of the various candidates to give their utmost effort for their preferred ones.

There is a small army of workers in the field, some of whom are working for money, some for friends and for the candidates, some with the hope of a surplus some political position or preference and some to gratify a feeling of rivalry and not a few because the men they advocate are considered to be representative of what is good, efficient, and best in the community.

Finds Rare Orchids.  
Hidden in Mountain;  
Gets \$25,000 Worth

CROMWELL, Conn., Aug. 15.—Andrew Bonfield, a horticulturist, has just returned from a seven months' expedition to the United States of Colombia, with 85 crates of rare orchids which he values at more than \$25,000. Among his prizes are four specimens of a pure white orchid so rare that each plant commands a price of \$1,000 in the country.

From the shoulder of a mountain near the border line of Colombia and Venezuela, Mr. Bonfield looked down upon hundreds of these rare orchids, but each plant was in an inaccessible place that he was unable to obtain more than the four specimens he brought back.

Mr. Bonfield's expedition was accompanied through the dense forests by a guard of forty Indians, together with guides, porters and mules. The hardships of the journey were so great that eight native men members of the party died during the trip.

## VEHICLES IN SERVICE.

There is not a vehicle which is intended for hire either in the city or the garage which is not in service and which is expected to do heroic work this evening when they will be swarming crowds of workmen from the various factories throughout the city to the polls to vote for this or that candidate for whom they have expressed a preference.

There is a great deal of scratching done in the voting and it is likely that there will be considerable delay in ascertaining the result of the balloting in some of the precincts.

This is especially the case in the heart of town, where in some instances some of the officials have shown lack of information and ability to do their work in a businesslike manner.

The judges of election at Precinct 13, Third ward, refused to let John P. Irish vote, on the ground that in his registration he gave no party affiliation. He demanded his ballot and the right to cast it on the ground that the primary election is one established by law, and has the same legal force and effect as any election, and that its expense is paid out of public funds the same as any other election, and that the right to vote thereat is of equal dignity with such right at any election.

## CONSTITUTION RIGHT.

Further, that the right to vote is a constitutional right and cannot be taken away by a civil statute and that no law of the State can penalize an elector for partisan independence, and independence in politics is patriotic and commendable, and is a status held by the most intelligent and upright citizens of the commonwealth, who cannot be compelled by law to "ratify their sentiments" by a party declaration in order to avoid disfranchisement.

In these words, too, there was a remarkably small vote polled up to noon, but it was claimed by the people who were working around the polling places that there would be a rush at these places in the evening.

This was especially the case in the Sixth ward, where the vote was really stronger than it is usually there on primary days but was considerably less than the average of the vote in the other precincts in the other wards of the city.

## MANY VOLUNTEERS.

The contest which was attracting the most attention in that ward was between J. M. Kelly and Louis Schaefer for supervisor of the Third Supervisorial district. There was a preponderance of Kelly volunteer workers at all the polls and most of these were men who were well known to the voters of the ward. The influence of these workers was evident with the majority of the people who approached the polls and it was apparent that the incumbent in the supervisorial district of the Third Supervisorial district would have an easy victory in that ward as also in the surrounding wards in the district.

In Alameda the same was true in every precinct in the west end, which comprises part of Kelly's territory.

In the First, Second, Third, Fifth and Seventh wards the activity of the workers and the exceeding interest of the voters was remarkable. In a great number of instances the workers sought to bring to the attention of the citizens the special worthiness of their preferred candidates but in hundreds of instances the volunteer efforts of the workers were without avail for the reason that the average citizen had evidently so much on his mind as to whom he desired to vote.

Three Brothers, All  
Wealthy, in Reunion;  
Began Life With \$700

BRIDGEPORT, Conn., Aug. 15.—Nathan G. Miller, aged 77, of New York, formerly head of the Iron Spring Road Company, the Nickel Plate Railroad and other enterprises, met his three millionaire brothers at a reunion here Sunday in honor of the fifth anniversary of the wedding of the eldest brother, Charles, a retired dry goods merchant of New Britain, Conn., and recalled the day more than half a century ago when they started life with \$700 each.

The brothers are Frank, aged 66, president of the City National Bank of this city, Daniel, 81, who has retired from the dry goods business, and Charles, 73, who on New York's day turned over the Miller & Lock dry goods enterprise to the clerks who served many years in his employ.

Mr. Kate Miller, together with Mrs. Daniel Miller and other relatives.

TRIBUNE ELECTION  
BULLETINS WILL  
FLASH NEWS FIRST

Do you want to know who is nominated for the various state and county offices? Read THE TRIBUNE election bulletins at Eleventh and Broadway and you will get the news first.

THE TRIBUNE will flash returns from every precinct in the city and every section of the State and will flash these returns FIRST, as usual.

Preparations have been made to give the most rapid and accurate bulletin service that skill and forethought, together with an utter disregard of expense, can provide.

If you want the news FIRST and want it accurately be in front of THE TRIBUNE election bulletin board at Eleventh and Broadway as soon as the polls close.

HURLEY IS DEAD  
IN CARLSBAD,  
AUSTRIAGeneral Manager of Santa Fe  
Succumbs to Attack of  
the Heart.

TOPEKA, Kas., Aug. 15.—James E. Hurley, general manager of the Atchafalaya, Topeka and Santa Fe Railroad, died of heart trouble at Carlsbad, Austria, at noon today. Word of his death was received by Henry B. Lantz, assistant to the general manager.

General Manager Hurley left Topeka July 15 for New York City and sailed from that city on the 14th for Carlsbad, where he expected to spend a few months to regain his strength and find relief from continued attacks of indigestion.

A letter was received Monday from Mr. Hurley, written at Carlsbad, in which he said he had been examined by physicians and found to have no organic trouble. His death, therefore, was entirely unexpected and caused almost a panic at the general offices of the company.

## MEN WEEP OVER LOSS.

Men gathered in the corridors and wept for no man on the Santa Fe system was so generally loved. He was exceedingly democratic and the humblest workman was treated as an equal. He was a general manager. He had risen from the ranks and never forgot the men who had labored with him on the lower rungs of the ladder.

Mr. Hurley was born at Wapello, Iowa, on June 1, 1860, and after finishing his school at that place, spent three winter terms at normal school at Bloomfield, Iowa.

He entered the service of the Atchafalaya, Topeka and Santa Fe in 1880, as bookkeeper and was subsequently promoted to various positions, including general superintendent of the Santa Fe division, assistant superintendent of the Missouri division, assistant superintendent of the Chicago division in charge of the Chicago division, and chief clerk of the Santa Fe division.

## HIS OTHER POSITIONS.

Since that year he has held successively the following positions: Agent at Florence, Kas., chief clerk to the general superintendent at Topeka, trainmaster, eastern division, assistant superintendent, Missouri division, assistant superintendent, Chicago division in charge of the Chicago division, and chief clerk of the Santa Fe division.

Mr. Hurley leaves a wife and two children, Mrs. Hurley, and a daughter, Edith, who is in Las Vegas, N. M., and a son, who is in Denver, where he is a participant in the golf tournament.

Six Million Dollars to Be Distributed Among Stockholders.

NEW YORK, August 16.—Directors of the Standard Oil Company held their thirteenth annual meeting today and declared the regular 6 per cent dividend for the quarter, which calls for a distribution to the Standard stockholders of \$6,000,000.

DARING AVIATOR  
ACHIEVES A NEW  
FEAT IN FLYING

ALFRED LEBLANC, who won 50-mile race in aeroplane from flock of carrier pigeons.

AIRSHIP WINS  
RACE WITH  
PIGEONS

LeBlanc Flies 50 Miles and Lands 6 Minutes Before Arrival of Birds

AMIENS, France, Aug. 15.—The first aerial race between the birds of nature and of man's production took place in the course of the great aerial cross-country competition and was won easily by man.

A flock of forty-seven carrier pigeons was released at LeBlanc, in his Farman biplane, started from the mark on his 50-mile flight to Amiens. Rising with a tremor through the air, the biplane soon outdistanced the birds and when LeBlanc reached Amiens the flock was not yet in sight, the first pigeon arriving six minutes and twenty seconds after LeBlanc.

ANOTHER BET THEM.  
Before the last flock had come in Legaigneux, who had started at the same time as LeBlanc, but consumed nine minutes more in the trip, arrived, beating the last pigeon by twelve minutes.

Herbert Latham flew today from Issy Les Moulins, in the suburbs of Paris, to Amiens, stopping en route to take luncheon with friends at Brétigny. He thereby accomplished practically the last lap in the cross-country race, about 88 miles, but in the reverse direction.

He intends to return to Paris tomorrow morning with the surviving competitors attached to the French army also will participate in the final lap tomorrow.

Big Seizure of Opium  
And 3 Arrests May  
Reveal Swindle Plot

NEW YORK, Aug. 16.—United States customs inspectors recently made a seizure of opium in Hoboken, N. J., which it is believed may reveal a plot of great magnitude to swindle the government. Three arrests were made and the men were charged with having brought in twelve pounds of opium bought in Shanghai.

Congress passed a bill in February which makes it a crime to have opium without proof of purchase from an authorized source of supply. The penalty is not more than \$200 nor less than \$500, or not more than two years' imprisonment, or both.

Mrs. Corey Plans  
Return to Stage

Wife of Steel Magnate to Go Before Footlights in London.

LONDON, Aug. 16.—Mrs. W. E. Corey, wife of the president of the United States Steel Corporation, known to the stage as Mabel Gorman, is planning a return to the footlights.

It is understood that Mrs. Corey will appear only in London. Lewis Waller, it is said, is considering a suggestion to produce "The Darling of the Shrew," with Mrs. Corey in the role of Katherine.

The date of Mrs. Corey's return to the boards is said to be scheduled for 1911. Mrs. Corey's girlhood home was in San Francisco. She is the daughter of the late G. H. Gorman, an insurance broker of that city. A brother of the former actress resides in Oakland and she has a sister in San Francisco. She was educated at M.H.S. college, California.

GIANT PETRIFIED  
TORTOISE TO BE  
PRESENTED MUSEUM

WASHINGTON, Aug. 16.—A petrified tortoise, which may have been crawling about the shores of Virginia during the days of Noah, has been discovered at Grizzly Springs, Va., by two Washington men. The petrified animal, which weighs about 400 pounds, will be presented to the Smithsonian Institution.

ROOSEVELT IS TURNED DOWN  
BY NEW YORK REPUBLICANS  
WHEN OFFERED AS CHAIRMAN

Lloyd Griscom Proposes Former President for Temporary Office at State Convention and Effort Is Beaten 20 to 15; Vice-President Sherman Chosen

NEW YORK, August 16.—Colonel Theodore Roosevelt's name was presented for the office of temporary chairman of the Republican State Convention at the meeting of the Republican State Committee, but his selection for that honor was lost by a vote of 20 to 15.

"The old guard" led by State Chairman Woodruff and William Barnes Jr. of Albany encompassed the defeat of Colonel Roosevelt, whom several of the State leaders charged with attempting to dictate the fortunes of the Republican party in the State.

Vice-President James S. Sherman was named as temporary chairman of the coming state convention by a unanimous vote, following the unsuccessful movement to make Colonel Roosevelt the temporary chairman. The committee selected Saratoga and September 27 as the place and time for the convention.

After the meeting had been called to order and the time and place of the state convention chosen, William J. Barnes Jr. of Albany offered a resolution presenting the name of Vice-President Sherman for temporary chairman of the state convention. Lloyd C. Griscom moved to substitute the name of Colonel Roosevelt and also moved that the vote be postponed until later.

After much debate the motion to postpone was defeated by 12 to 23.

## Vice-President Sherman Named

The resolution to make Colonel Roosevelt temporary chairman was then lost by a vote of 20 to 15, following which Vice-President Sherman was unanimously chosen, Mr. Griscom and Henry Mack of New York not voting. The State Committee then adjourned to meet Monday evening, September 26, in Saratoga.

Commenting on the action of the committee in rejecting the name of former President Roosevelt, Mr. Griscom said:

"I presented the name of former President Roosevelt after consulting with him. The place of the temporary chairman was obviously his, not only by virtue of his having been President of the United States, but by the signal service rendered by him to the Republican party in New York State.

"Mr. Roosevelt was anxious to engage in the political campaign in this State and his name at the head of the convention would have lent extraordinary prestige to the meeting and been of incalculable value to the party throughout the State.

"The action foreshadows a great many primary contests, as it is obvious that those voting to deny him the office of temporary chairman will have to account to the enrolled Republicans of their respective districts for their action.

"There was no question of endorsing or not endorsing the administration. If an effort is made to show that the choice of Vice-President Sherman is an endorsement, whereas the choice of Colonel Roosevelt would not have been, it must of necessity fail, as Mr. Roosevelt's views regarding the conduct of public affairs by his successor are well known."

ROOSEVELT ADHERENTS.  
Among the delegates voting for Theodore Roosevelt as temporary chairman were:

Lloyd C. Griscom, United States Marshal Wm. Henkel, Appraiser of Customs George W. Wainwright, Secretary of State Samuel S. Kocin, Naval Officer F. G. H. Kracke, Representative Wm. S.

Ignorant German Boy Awaits Punishment for Slaying His Employer.

LOS ANGELES, August 16.—Otto Schultz, the ignorant and guileless German boy, confessed murderer of Mrs. Freda Schultz-Castine, his sister-in-law by a former marriage, sits today in a cell in the county jail, friendly and helpless, awaiting a speedy trial and perhaps certain punishment of death on the gallows for his crime.

In his confession last night to the police, Schultz told in detail how he had quarreled with Mrs. Castine over the feeding of the chickens on the ranch and how, when she had struck him with a stick, he had picked up a spade and held it to her throat, threatening to kill her.

Manufacture Growth  
in Delaware Is Big

1910 Census Shows Healthy Increase in Establishments and in Wages and Salaries.

WASHINGTON, Aug. 16.—The value of the annual product of the manufactures of Delaware, the first given out by the census bureau as the result of its investigations in connection with the thirteenth census, is \$52,871,041.

This is a gain of more than 28 per cent since 1904. There was a 29 per cent gain in salaries and wages, of 17 per cent in the number of establishments, and of almost 20 per cent in the capital employed.

STEAMER AT  
GIBRALTAR

Spanish Vessel Is Sunk by a German Ship in a Dense Fog.

32 OF DROWNED ARE ON PASSENGER LIST

Other Craft Limp Into Port With Bow Badly Stove In.

GIBRALTAR, Aug. 16.—The Spanish steamer Martos foundered today off Tarifa, at the entrance to the Straits of Gibraltar after a collision with the German steamer Elsa.

Thirty-nine persons were drowned, of whom 32 were passengers. The survivors were landed here.

A dense fog prevailed at the time of the collision.

Nine of the victims of the Martos were first cabin passengers. The other 23 passengers who perished were in the steerage.

The bow of the Elsa was stove in by the collision and her forepeak filled quickly with water. The steamer, however, managed to keep afloat.

The Martos was a small steamer of 1,645 tons net, engaged in the coasting traffic. She was built at Dundee, Scotland, in 1883, and was 234 feet long. Her port of registry was Valencia, Spain.

The Elsa, a German tramp steamer registering only 483 tons, is even smaller. She sailed from Abbo, a river port on the Niger, in Africa, on July 20 for Valencia and was last reported passing Gibraltar on August 3.

Burglar Visits Room  
In His Bare Toolsies;  
Leaves Print on Sill

SAN FRANCISCO, Aug. 16.—A barefoot burglar, operating in the Heron Hotel, 544 Fourth street, invaded the room of Jules Costas at an early hour this morning, and the only clue to his identity is his footprint on the window sill.

Costas was awakened by the noise made by the man as he sprang from one window to another, and discovered that \$20 was missing from his trousers pocket. He immediately raised a cry and the police were notified, but although a careful search was made of the house, no suspicion attached to anyone.

In Automobile Wreck

Father Cline of Vallejo Has Three Ribs Broken in Accident at Oxnard.

OXNARD, Cal., Aug. 15.—Father Cline, a Dominican priest of Pacifica, residing at Vallejo, was injured here yesterday when an auto in which he was driving turned over, breaking three of his ribs. The automobile was being driven at a rapid pace when a front wheel broke. The machine turned turtle and was wrecked. Four other passengers in the car were injured.

Fatally Shoots Wife;  
Then He Drops Dead

The Awful Crime with Its Fatal Sequel Occurs in Leavenworth, Kansas.

LEAVENWORTH, Kas., Aug. 16.—In a fit of jealousy, Tony Alagna shot and probably fatally wounded his wife here today and then dropped dead beside her body. The couple had been married but a short time. Alagna charged his wife with being untrue to him, and when he denied his accusations a bitter quarrel ensued which resulted in today's tragedy. The woman is at the point of death and is not expected to live through the day.

## TRIBUNE Election Bulletins Will Tell All the News First

The polls in all the voting precincts in the county will close this evening at 6 o'clock and at the moment of closing representatives of THE TRIBUNE in every voting precinct will begin the work of getting news of the election for the information of the readers of this paper.

To accommodate the people who are desirous of ascertaining what has been the result of the primary THE TRIBUNE, by means of its unequalled news service, will bulletin the partial and complete returns from every precinct in the county, and every county in the state.

These bulletins will be displayed in front of every one of the branch offices of this paper and will be so presented and worded as to give every person accurate information as to the progress made in the counting of the votes and the final result in both precinct and county.

These facts will be presented by means of stereopticons after the most approved methods employed in the east. This is an accommodation in which THE TRIBUNE has always led, and in which, at this time especially, it is determined to maintain its prestige, knowing as it does the intense interest that is taken in the result of the first test of primaries under the new primary law, as also the contest in which so many prominent candidates are engaged.

The public may be assured that the news will be placed before it instantaneously, as an army of correspondents, reporters, telegraphers, telephone operators and artists will be occupied in assembling and preparing it for presentation.

## TELL OFFICIALS OF COMING DEATH

Letters Received Notify Judges  
and Attorneys That Lives  
Are Sought.

NEW YORK, Aug. 16.—A letter in which the writer threatens death to several judges in this city and Brooklyn and several assistant district attorneys was received at the District Attorney's office today and turned over to the police for investigation. The letter was addressed to District Attorney Witterman and read as follows: "I am now a free man, after a three years' sentence in Sing Sing, along with three others with whom I have made friends. We have decided to deal out a death sentence to Judge O'Sullivan, Judge Malone, Judge Patterson, Judge Rosalsky, District Attorneys Ely, Hart and two others, for our lives are not worth living. I cannot locate my wife and child. I was charged with grand larceny, and as sure as God is in heaven I was innocent and I am also sure that many a man in state's prison is innocent. The day is coming when some of the above mentioned names will be a thing of the past. This may be taken as a joke, but wait for results. It is a disgrace to the world to see a married man taken from his family yesterday entered a decree dissolving the corporation as a going concern."

**CORPORATION DISSOLVED.**  
Complying with the petition of the directors of the Richmond Light and Power Company, there being no opposition to it, Superior Judge Ellsworth yesterday entered a decree dissolving the corporation as a going concern.

## THEY GROW HAIR

Certain Ingredients if Properly  
Combined, Stimulate the  
Human Hair Growth.

Research is one of the most effective germ destroyers ever discovered. Betanaphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter, and creates a clean, healthy condition.

Dilcolapine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and refreshing influence. Alcohol is indispensable in medicine because of its anesthetic, stimulating and preservative qualities.

Research "93" Hair Tonic is chiefly composed of these ingredients, which are compounded in a peculiar form, and we believe it is the most effective remedy known to medicine for the treatment of hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalp in spots is bare of hair, providing of course, there is life and vitality remaining in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try Research "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 out of 100 cases where put to a practical test.

Research "93" Hair Tonic is entirely unlike and in every particular different from anything else we know of for the purpose for which it is recommended. We urge you to try it at our entire risk. Certainly we could offer no better guarantee. Two sizes, 50 cents and \$1.00. The Owl Drug Co., Inc., 10th and Washington, 13th and Broadway, 15th and San Francisco.

## ACCEPT CARTERRA COMPANY'S OFFER

Board of Public Works Lets  
Contract for the  
Quay Wall.

That the chance of saving the city \$65,000 made it worth while to take the risk of having the first big piece of work on harbor improvement undertaken by the city tied up by the construction company filing as a result of putting in too many bids was the decision of the Board of Public Works at a special meeting yesterday afternoon. On this basis, the bid offered by the Carterra Construction Company, which is over \$100,000 lower than the estimated cost of the work, was accepted, the company being placed under \$25,000 bonds to do the work in accordance with the contract.

The Board of Works, on the recommendation of City Engineer Turner, also decided to safeguard the city from loss of time and money which might result from the failure of the contractors by demanding that the Carterra Company shall agree to divide the quay wall on the estuary waterfront, for which the bid was accepted, into four sections, to be completed a section at a time. This will prevent the city from being left with a big ditch on its hands to maintain during the period of readvertising, should anything go wrong with the contracting company.

The bids received were 2000 feet of quay wall between Myrtle and Clay streets on the estuary waterfront. The Carterra Company bid \$223,363.55, the lowest bid, and the City Engineer Turner Construction Company of \$290,725. The estimated cost of the work was approximately \$310,000, according to City Engineer Turner, and \$251,000 by John B. Leonard, an expert employed to make an independent estimate. The work will be commenced immediately.

## WOMAN'S COURAGE SAVES HER LIFE

Mrs. Foyer Rolls Herself Up in  
Blankets When Clothes  
Catch Fire.

Her garments spattered with boiling lard and a mass of flames, Mrs. Joseph Foyer, wife of an expressman residing in the Alameda district, had the presence of mind to rush to her bedroom and wrap herself in a blanket and roll herself on the floor, succeeding in putting out the fire. She had entered the house when she saw smoke streaming from her kitchen windows, and attempted to put out the fire started by the boiling over of a can of lard on the kitchen stove and ignited the curtains.

In attempting to put out the flames her clothes became saturated with the burning grease, and it was only as a result of her courage and presence of mind that her life was saved. The little home was destroyed by the fire, and Mrs. Foyer, who was severely burned, was cared for by neighbors until a physician arrived to dress the burns.

## Britain's King Will Act as Arbitrator

WASHINGTON, Aug. 16.—Presentation to the arbitrator, King George of Great Britain, of the Chilean side of the controversy between the United States and Chile has been completed. The basis of this claim is a loan of \$1,000,000 which Alsop & Co. years ago made to Bolivia.

From Sickness to "Excellent Health," so says Mrs. Charles Leon, Peoria, Ill. "I found in your Foley Kidney Pills a prompt and speedy cure for backache and kidney trouble which bothered me for many months. I am now enjoying excellent health, which I owe to your Foley Kidney Pills." Sold by Wishart's Drug Store.

## ROAD ORDINANCE PASSED TO PRINT

City Council Hears Property  
Owners Who Favor the  
Granting of Franchise.

The ordinance granting a fifty-year franchise to the Central Pacific Company, an auxiliary road to the Southern Pacific system, to extend its proposed electric suburban road from the Melrose terminus out to Stanley road, was given its initial reading and was passed to print by the city council last night. The franchise right, which is for the larger portion of the road over a private right of way, has been in committee for several weeks, and has been carefully considered by a number of members of the committee and representatives of the Southern Pacific company. It was passed to print last night on the recommendation of the committee.

**LIGHTING OF STREETS.**  
The ordinance carries with it a number of provisions insisted upon by the committee for the protection of the city at large and the annexed district in particular. In the latter regard, the city is made responsible for the lighting of the streets over which the tracks will be laid at the expense of the company, the lights to be installed according to a graduated scale specified in the ordinance.

There are also provisions as to the placing of the rails according to standard, installation of safety devices, right of way, and the right of the city to a number of other protective clauses.

The passage of the ordinance to print last night was made at the instance of a number of property owners and taxpayers of the district who will be benefited, and who are eager that the improvement should be made.

**PART OF SYSTEM.**  
The line proposed is an extension of the First street and Alameda lines, and is included in the elaborate system of electrically operated suburban lines with which the Southern Pacific company plans to gridiron Oakland, Berkeley and Alameda and the adjoining districts.

In response to questions from Councilman R. C. Ross last night, Al Baker, representing the Southern Pacific company, told the council that the company would begin work immediately if the permission was granted by the city, as the railroad construction department is now awaiting the word to go ahead with the work.

It was the opinion of the majority of the council last night that the ordinance should not be retarded. A number of petitioners from the district were heard and the ordinance was passed to print.

## Disguised as Man, Girl Is Arrested

REDDING, Cal., August 16.—Attired in slouch hat, white shirt and black trousers, Miss Eva Walls, a resident of Sisson, was taken off the streets in this city yesterday by the police and forced to return to her lodgings until she agreed to resume her own clothing.

"I don't like these clothes, but my brother would not write and I want to find him without being discovered myself," explained Miss Walls when she was taken to the police station. "My brother lives in Portland and I wrote him from Sisson and he wrote back telling me he would rest up at Redding. I thought I could find him by wearing men's clothes."

## LURED BY FORTUNE MAN LOSES MONEY

Simple Italian Bounced by His  
Countrymen Out of Life's  
Savings.

Alluring prospects of making a fortune with an Italian truck garden in Alameda county were held out to Giuseppe Valmetti, a laborer residing at 256 Forty-fourth street, to lure the Italian of \$2100 saved by him during many years of arduous toil. With the hope of entering into a partnership with the two pleasant spoken strangers, Valmetti drew his life's savings from the bank, and placing the money in a handkerchief, agreed to pool interests with his friends of a few hours. A crude piece of freight of hand complete, the performers in the act left Valmetti with a handkerchief filled with iron bolts, metal washers and cigarette papers in place of his money. He complained to Captain of Detectives Walter J. Petersen last night and asked that the "confidence" men be located.

Valmetti met the two men on Broadway, and they soon learned that he had a large sum of money in the bank which he had spent years in saving. They told him of the possibility of investing this in a truck garden, offered to add \$100 to the sum contributed by him and to go into partnership with him. They explained that they were to enjoy a dinner together and afterwards separate and that when Valmetti went to make a count of the money, he discovered that three handkerchiefs filled with waste material had been substituted for the gold.

The three went arm in arm to the bank, and Valmetti drove home in a daze. They then went to his home, where the two strangers held the bags of gold while Valmetti opened his trunk. Then they went to enjoy a dinner together and afterwards separate and that when Valmetti went to make a count of the money, he discovered that three handkerchiefs filled with waste material had been substituted for the gold.

## MEAT INSPECTION MEASURE HELD UP

Wording Considered Ambiguous  
and Ordinance Ordered  
Re-frame I.

Because the ordinance calling for the appointment of eight inspectors of meats and markets to enforce the new health ordinance was ambiguous in its wording concerning the question as to whether the city or the inspectors shall meet the expense of the inspection work it was referred back to the auditing and finance committee to be more carefully framed before it was again recommended to the City Council.

The ordinance came up for its first reading last night, but was objected to on the ground that the clause governing the payment of salaries to the inspectors failed to specify definitely that the markets must foot the account for the added expenditure. This was not the intention of the ordinance, and the matter will again have to be gone over in committee.

## COMPLAIN OF INJURY.

Complaint was made to the City Council last night by John Lutz of 1011 Twenty-fourth street and a number of his neighbors that Joseph Spolisher is making grape wine at his premises at 1019 Twenty-fourth street and that the stench from his stills and from the debris and waste thrown out constitute a nuisance and a menace to health. It was stated in the petition that Spolisher is making more wine than he "can reasonably use and hopes to dispose of the surplus to his friends," and that some of his neighbors had been made ill last year by the fumes from the wine vats.

On the motion of Councilman Siefvater the matter was referred to the Board of Health, with the understanding that an investigation should be made and the matter reported back to the Council.

## Engineer Is Burned in Explosion of Gas

He was taken to the Central Emergency Hospital for treatment.

## ITCHING RASH ON FACE AND NECK

Cured—Scratched Until Face was  
Mass of Raw Flesh—Used Cuticura  
and had First Good  
Night's Sleep in 3 Months.

"An itching rash broke out on my face and neck, so bad that I scratched it until my face was a mass of raw flesh which bled and oozed about the face and neck. After going to my family doctor, he not helping me, I tried another doctor, but without success. After doctor failing, a friend recommended the Cuticura Ointment. I used it for three months. I used about two lots of Cuticura Soap and Ointment, and now my face and neck are a mark on my face. I will gladly recommend the Cuticura Remedies to anybody." M. Silver, 346 West 24th St., New York, Mar. 1, 1910.

In another letter Mr. Silver says, "My case was of about two years' standing. After using Cuticura Soap and Ointment for about three days, I saw a decided improvement and was entirely cured in two months."

For the prevention and treatment of itching rash, eczema, and other skin diseases, the promotion of permanent skin and hair health, Cuticura Soap and Cuticura Ointment are absolutely unrivaled in the world. They are sold everywhere. A cake of Cuticura Soap and a box of Cuticura Ointment are often sufficient.

SEATTLE, Aug. 16.—Captain Leroy Supton began the arguments for the defense yesterday in the trial by court-martial of Colonel George F. Cooke, United States army, retired, on charges of neglect of duty and misconduct in connection with the disappearance of \$15,000 from the paymaster's safe at Fort Gibbon, Alaska, while Colonel Cooke was commandant there.

Captain Supton urged that even if Cooke had committed the acts of which he was charged he could not be held accountable, as he was mentally and physically unfit for the post assigned him by the government.

## President Names Land Office Heads

WASHINGTON, Aug. 16.—Officials for the new land office at Fort Sumner, N. M., which was created by the last session of Congress, have been appointed by the President. Enrique H. Salazar of Las Vegas, N. M., has been commissioned receiver, and Arthur E. Curran of Clovis, N. M., has been named registrar. ## Ribbons

Much Undeveloped.

At 6c a yard—Beautiful all-silk moire ribbon, various widths from 1 inch to 2 1/2 inches, in a wide variety of very beautiful colors. An opportunity rarely presented and at the low price of 6c a yard every woman will buy in large quantities for the future.

At 18c a yard—Messaline ribbon, 5 1/2 inch wide, in all the most desirable colorings. Messaline ribbons will be popular for millinery this fall. As a forerunner, here is an excellent 25c value for 18c a yard.

## A Great Sale of Waists

At 58c Each

This big money-saving event in women's white waists continues this week. The rapidity of the sale attests the remarkable values. They are made of good white lawn, plain or with small white dots and crinkled self stripe. The trimmings are lace, embroideries and tucks. Each waist worth a good deal more than the low price of 58c.

## New Fall Hats

Are Arriving Almost Daily

**\$4.75, \$5.50, \$6.50**

Our millinery department is displaying the beautiful new fall styles in women's hats. Our stock is being augmented almost daily. Be sure to see them on the second floor. Hand-made velvet hats and beautiful turban effects, variously trimmed with feathers, ostrich fancy plumes and ribbon bows.

## NAMES THE INDIAN LAND COMMITTEE

President Appoints Members of Commission to Appraise Value.

WASHINGTON, Aug. 16.—Preliminary to the sale of surplus lands on the Rosebud and Pine Ridge Indian reservation in South Dakota, the President has appointed commissioners to classify and appraise the lands not allotted in severalty to Indians. The sale was authorized at the last session of Congress. The commission consists of representatives of the Interior Department, of the State and of the tribe.

The following compose the Rosebud commission: John H. Sciven, a special allotting agent of the Interior Department, chairman; A. E. Kull of Burke, and Richard D. Elliston, an Indian of the Rosebud tribe.

## BATES ON COMMISSION.

The following are the members of the Pine Ridge commission: Charles H. Bates, a special allotting agent of the Interior Department, chairman; D. H. McLane, Wagoner, S. D., an Indian of the Pine Ridge tribe. The lands to be disposed of on the Rosebud reservation are in Nakota and Washbaugh counties, while those on the Pine Ridge are in Bennett county.

## Commence Argument in Army Court Trial

SEATTLE, Aug. 16.—Captain Leroy Supton began the arguments for the defense yesterday in the trial by court-martial of Colonel George F. Cooke, United States army, retired, on charges of neglect of duty and misconduct in connection with the disappearance of \$15,000 from the paymaster's safe at Fort Gibbon, Alaska, while Colonel Cooke was commandant there.

Captain Supton urged that even if Cooke had committed the acts of which he was charged he could not be held accountable, as he was mentally and physically unfit for the post assigned him by the government.

## President Names Land Office Heads

WASHINGTON, Aug. 16.—Officials for the new land office at Fort Sumner, N. M., which was created by the last session of Congress, have been appointed by the President. Enrique H. Salazar of Las Vegas, N. M., has been commissioned receiver, and Arthur E. Curran of Clovis, N. M., has been named registrar. The jurisdiction of the new office extends over 2,800,000 acres, which formerly were under the Santa Fe and Biscuit offices.

## Tourist Loses Mind; Thinks He Is Drexel

LONDON, Aug. 16.—The American embassy is investigating the puzzling case of a young American, who has completely lost his memory and is now an inmate of St. George's infirmary, Chelsea. He is apparently well born and educated and thinks that his name is John Drexel. He talks incoherently of Chicago and Boston. Anthony Drexel of Philadelphia went to see him, but failed to recognize him as a member of the family.

## It is characteristic of the Russian nobleman that he carries his pleasure to the very limit.

Typical of this trait is the Russian insistence on mouthpiece cigarettes.

## GRAND DUKE

Mouthpiece Cigarettes

are made of the finest imported tobacco, blended into a smoke of surpassing excellence.

Rolled in rice or maida paper—brown or white—and crimped, not pasted.

The mouthpiece keeps the last of the fragrant smoke as cool and clean as the first—you enjoy every atom of what you pay for.

## WARS FOUGHT BATTLES ARE PROMISED IN THE COAST LEAGUE CIRCLES THIS WEEK

Edited by  
**EDDIE SMITH**

### NATIONAL LEAGUE PENNANT WINNERS HAVE COME ON SEVERAL TIMES

Teams Invariably Won Championship More Than Once Since Organization.

NEW YORK, Aug. 15.—It is an interesting and somewhat extraordinary fact in connection with the championship of the National League that since 1876, the year of the Brotherhood war, three different teams have won the championship. In 1876, 1885 and 1888 it was the Boston team; in 1890, 1893 and 1894 it was the Pittsburgh team; in 1897 and 1898 it was the Chicago team; in 1900 and 1901 it was the Boston team; in 1904 and 1905 it was the Pittsburgh team; in 1907 and 1908 it was the Chicago team; in 1909 and 1910 it was the Boston team.

There was not such a long period of "championships" as in 1900, 1901 and 1902, 1903 and 1904, when the Boston team won the championship. In 1900, 1901 and 1902, the Boston team won the championship. In 1903 and 1904, the Boston team won the championship. In 1905 and 1906, the Boston team won the championship. In 1907 and 1908, the Boston team won the championship. In 1909 and 1910, the Boston team won the championship.

### FISHER OF PORTLAND IS LEADING HITTER OF THE LEAGUE

Bodie, Tennant, Hogan and Lewis Are Also Running Well With Stick.

Fisher, the Portland backstop, is the only Pacific coast batsman hitting in the vicinity of the 300 street, having made a net gain of 8 points during the past week, while his nearest rivals have fallen back in the same period. Home Run Bodie is second on the list, with a percentage of .270, followed by two fellows who are hitting at a .253 clip.

Hogan leads the Commuters with an average of .245, and Carlisle is in the vanguard of the Vernon camp. Tommy Bodie has 140 hits to his credit, and 11 runs. Hogan leads the base stealers with 24 purloined bags. Following is the record of those hitting over 200 for the season.

### BIG MONEY IS OFFERED AS PRIZES FOR TROTTERS AT EMPIRE TRACK MEET

NEW YORK, Aug. 15.—Senator J. W. Bailey of Texas, president of the American Association of Trotting Horse Breeders, has notified the Trotting Horse Breeders' Club that final payments have been made for twenty-five stakes and will start in the \$15,000 Matron Futurity stake race for three-year-olds on August 23, the opening day of the New York Grand circuit meeting at the Empire City track at Yonkers.

Among those eligible to start are: Native Belle, 2:07 1/2, holder of the world's record for two-year-olds; Colorado E, a colt that trotted a public trial in 2:06 1/4, a few weeks ago; Emily Ellen, 2:10 1/4; Eva Bellini and Eva Tanguay.

It will be the first battle between Native Belle and Colorado E, and horsemen expect to see the fastest race on record for three-year-olds when these two wonderful young trotters come together.

### PAT CORNYN FIGHTS DRAW

From Honolulu clippings have been received of a 15-round draw between Pat Cornyn and Jack Cordell and Pat Cornyn in the island city of Honolulu. The men went a fast clip, and at the close Referee Mike Paton called it a draw. Everybody was satisfied.

### AFTER SEASON SERIES BETWEEN COASTERS AND NORTHERNERS IS OFF

President Graham of the Coast League received a letter from President W. H. Lucas of the Northwest League yesterday which practically kills the proposed post-season series between the two rival leagues. Lucas stated that the Northwest League ended its season on September 25, and it would be out of the question to hold the series together until November 12, when the Northwest League would have the series. It would be a matter of six weeks after the Northwest League closed its regular season, and it is natural to suppose that the Northwest League would not want to wait that long.

### LATONIA JOCKEY CLUB TO HOLD FALL MEETING

CINCINNATI, Aug. 15.—The Latonia Jockey Club yesterday announced the stakes for its fall meeting, which will begin on October 21st and last twenty-four days. The Latonia track will, at that time, be the only one in the United States or Canada in operation. The stakes follow:

For two-year-olds—The Roanoke, \$1200, five and one-half furlongs. For two-year-olds—The Emerald, \$1000, six furlongs. For three-year-olds and upward—The Aurora, \$1000, six furlongs. The Latonia, \$1200, one mile and seven-eighths furlongs. The Final, \$1200.

### Baseball Editorials

The Seals, feeling somewhat at under the weather after that disastrous week in the southland, returned to their native land last night full of life and energy. The Seals' return to the home town was a great relief to the fans, who had been disappointed by the team's performance in the south.

In summing up the record of the team, it is a fact that the Seals have been a disappointment to the fans. The team's performance in the south was a great letdown, and the fans are now looking for a change in the team's management.

Each team in the league is looking for a change in the team's management. The fans are looking for a team that can win, and they are looking for a team that can give them a good show.

Oakland has arrived safely in Beaverton, and today is giving battle to the men under the big tent. The team is looking for a change in the team's management, and they are looking for a team that can win.

### THREE-CORNERED TRACK MEET HAS BEEN POSTPONED TO AUGUST 28TH

Olympics, Irish-Americans and Pastimes to Contest at the Presidio Grounds.

The three-cornered track and field meet between the athletes of the Olympic Club, Pastimes Athletic Club and the Irish-American Club, scheduled to take place at the Presidio Athletic grounds next Sunday afternoon has been postponed to Sunday, August 28. The change of date has been at the request of the Irish-American Club, on account of the heavy rain which fell on Sunday, August 22. The same order and list of events will take place on the 28th as originally announced, and the change is expected to benefit some of the competitors who started in the meet on Sunday, particularly the sprinters.

The postponement of the meet between the local clubs will bring the games one week nearer the Pacific Association track and field championships, scheduled to take place at Sacramento on Saturday, September 2. The following week, September 10, will be the occasion of the athletic events to be held in connection with the Admission and the Fair at the stadium in Golden Gate Park. The outcome of all these meets will be a means of predicting the probable strength of the Olympic Club team which will represent the city in the national championships during October 14 and 15.

The entry blanks for the Admission day meet have been issued, and will be ready on Saturday, September 3, at Spalding's. Thirteen events are included on the program as follows: 100-yard dash, 220-yard dash, 440-yard dash, half-mile run, mile run, two-mile run, four-mile run, 800-yard hurdle, 220-yard hurdle, shot put, hammer throw, high jump, broad jump and javelin throw.

Ernest A. McGregor, the former Stanford half-mile runner, who won the half-mile championship of the Pacific Association at Los Angeles last year, will defend his title in the Sacramento meet. McGregor is at present in Bakersfield, but will be in the city on Saturday, September 3, at Spalding's. Thirteen events are included on the program as follows: 100-yard dash, 220-yard dash, 440-yard dash, half-mile run, mile run, two-mile run, four-mile run, 800-yard hurdle, 220-yard hurdle, shot put, hammer throw, high jump, broad jump and javelin throw.

Harold Maunfield, who has been out of the game for a year, is again training in the half-mile. The ability of the Olympic middle distance runners will be tested in the meet at the Presidio grounds on August 28.

## EVERHART ENTIRE COUNCIL? ASKS PROTESTANT

Property Owner Objects to the Widening of Claremont Avenue.

### PLANS TO INSTITUTE LEGAL PROCEEDINGS

### Persistent Refusal to Allow Work Has Long Blocked Improvement.

An attack upon City Councilman Harold Everhart which was effected with the aid of the Protestant Episcopal Church, is being made by the whole Council and can be given positive assurance as to what this august body will or will not do. It did not save John McHugh sole protestant against the proposed widening of Claremont avenue from having his protest overruled by the City Council last night.

McHugh, who included in his attack a threat to institute legal proceedings against the city, was seen in the front of the City Council chamber, between Martin and Forest streets, and on account of his persistent refusal to allow the widening of the avenue has been blocked for some time on the proposed improvement.

### LONG STANDING TROUBLE

The trouble between McHugh and Councilman Everhart is a long standing one. Everhart asked the city official why he did not interview him concerning the matter under discussion. Everhart explained that McHugh habitually refused to speak to him on the street and insulted him on all occasions when he was given the opportunity.

He will never speak to me on the street explained Everhart. I know he is wrong but I am willing to forgive him as I do not feel kindly toward him and can see his side of the case from his point of view.

You got mighty good reason to know my ideas on this subject. I have a close friend of his and he brought me the word brought back was for me to go to a place which I hope I won't go to when I see him.

### PROTESTS INTRODUCED

When proceedings were instituted to widen Claremont avenue and to put through extensive improvements there some years ago a large protest was introduced and a number of property owners agreed to give up their property for the widening provided the proceedings for the heavy expenditure of money were canceled. This was done and it was stated to the Council by Everhart last night that McHugh and one other property holder were the only ones who had not voluntarily complied with this agreement. McHugh claims in his protest that irreparable damage will be done to him if he gives three feet from his frontage for the widening of the street and that seven feet from the street at present and the property is other wise improved and parked.

### DEMANDED PAY

McHugh it appeared from a state made to the Council had informed after property owners that they would have to pay for his share of his and after his refusal to give their own to the city they were engaged by Councilman Everhart that nobody who had given is property for the widening and according to the agreement they have to pay for the widening of McHugh's property. It was because he had made his statement that McHugh asked Everhart whether he considered himself a part of the widening. Following the clash between Everhart and the one protestant the protest was overruled on the motion of Councilman Oliver L. Brown.

## WOMEN FATALLY INJURED BY FALL

Thrown From Wagon Which Plunges Over Embankment in Mountains.

SAN FRANCISCO, Aug. 15.—Mrs. Robert J. McHugh was fatally injured when she fell from a wagon which plunged over an embankment in the mountains near San Francisco. The accident occurred while the wagon was being driven by a man who was not licensed to drive. The wagon was carrying several passengers and was traveling on a narrow, unpaved road. The driver lost control of the vehicle and it rolled over the side of a steep embankment. Mrs. McHugh was the only one seriously injured and is now in a critical condition at a local hospital.

### Young Broker Charged With Large Frauds

LOS ANGELES, Aug. 15.—A young broker, who was charged with large frauds, was arrested by the Los Angeles police. The broker, whose name was not disclosed, was accused of defrauding several investors of large sums of money. The police believe that the frauds were part of a larger scheme involving multiple victims. The broker is currently being held in custody and is facing several charges of fraud and conspiracy.

### Zamenhof Favorite at Esperanto Congress

WASHINGTON, Aug. 15.—Lectures from the third of a series of lectures given by Zamenhof, the creator of the Esperanto language, were given at the Esperanto Congress in Washington. Zamenhof was the most popular speaker at the congress and his lectures were well attended. He discussed the history and development of the Esperanto language and its potential for international communication.

## LETTER BACKING IN MANY DETAILS

Council Placed Up a Tree by Communication Received From Underwriters.

Compromising District Secretary Duval of the insurance underwriters to the Delphic circle for obscuring Councilman A. P. McHugh's vote in the City Council last night that a communication from the insurance men left much to be desired in definiteness and clarity. The council had been given verbal notice that insurance rates would be reduced upon the passage of the ordinance. However, the communication received from the underwriters was a letter which stated that the rates would not be reduced and that the council's decision was not binding. This letter was placed on the table of the council and it was left to the council to decide whether to accept the verbal notice or the written communication.

### ORACLES OF APOLLO

The oracle of Apollo, which is the Delphic circle, has been the subject of much discussion in the City Council. The council has been asked to decide whether to accept the verbal notice or the written communication from the underwriters. The council has been given a choice between two courses of action. If the council accepts the verbal notice, it will be bound to reduce the insurance rates. If the council accepts the written communication, it will be bound to maintain the current rates. The council has been asked to decide which course of action it wishes to take. The council has been given a choice between two courses of action. If the council accepts the verbal notice, it will be bound to reduce the insurance rates. If the council accepts the written communication, it will be bound to maintain the current rates. The council has been asked to decide which course of action it wishes to take.

### DETERMINES KEY RATE

For instance, in the schedule of rates for the City of Oakland, the key rate is determined by the rate for the first class of property. This rate is the basis for all other rates. The council has been asked to decide what the key rate should be. The council has been given a choice between two rates. If the council chooses the higher rate, it will result in higher taxes for all property owners. If the council chooses the lower rate, it will result in lower taxes for all property owners. The council has been asked to decide which rate it wishes to choose.

### WOULD REDUCE RATES

But a Councilman who is not a member of the Delphic circle, the writer of the letter, stated that the council should reduce the rates. He stated that the current rates were too high and that they should be reduced to a more reasonable level. He stated that the council should consider the interests of the property owners and not just the interests of the underwriters. He stated that the council should make a decision that is fair to all parties involved.

### RESOLUTIONS ADOPTED

At the meeting of the City Council, several resolutions were adopted. The first resolution was to reduce the key rate for the first class of property. The second resolution was to reduce the rates for all other classes of property. The third resolution was to adopt a new schedule of rates for the City of Oakland. The council has been asked to decide whether to accept these resolutions. The council has been given a choice between two courses of action. If the council accepts the resolutions, it will result in lower taxes for all property owners. If the council rejects the resolutions, it will result in higher taxes for all property owners. The council has been asked to decide which course of action it wishes to take.

### Smart Set Devotees of Sports Set Fight

The fight was between two groups of men who were known as the "Smart Set" and the "Devotees of Sports". The fight was set for tonight at a local arena. The fight was expected to be a very close one and it was expected to draw a large crowd of spectators.

### Mexican Band to Meet Centennial Delegates

EL PASO, Aug. 15.—The Mexican government has sent a band to meet the Centennial Delegates. The band is composed of several musicians and is expected to perform for the delegates. The delegates are expected to arrive in El Paso tomorrow. The band is expected to perform at a local venue and to entertain the delegates.

## THINK PRISONER JAP, YAMAGACHI

Man Arrested at Salinas is Believed to Be Suspected Murderer.

SALINAS, Aug. 16.—The authorities here are holding a Japanese whom they arrested last night and who they say bears a close resemblance to the published description and picture of Yamaguchi, suspected of the murder of the Kendall family at Cazadero.

A local Japanese informant, the police of the suspect's presence in Salinas and they immediately surrounded the house in which the man was living. When they entered the house the suspect, Yamaguchi, attempted to escape, but was caught.

In a voluntary statement he claimed that he had never been in San Francisco or Oakland, but later he admitted to the police that he had been employed in Oakland as a houseboy for a Japanese whose name he said he could not remember.

SHOWS GIFT WATCH.—He exhibited a gold watch which he was presented to him by his former employer. He was wearing a new suit, in the pockets of which were the envelopes of two letters addressed to M. Shono, the envelopes were sealed and the contents were not examined.

On account of the suspicious action of the man and his striking resemblance to Yamaguchi, the police will hold him for further investigation. He will be photographed and put through a full examination.

GIVEN FINAL DECREE.—Marla D. Richards has been granted a final decree in the superior court from Charles B. Richards, on the ground of desertion.

## GRABBERS' SCHEME TO BE SHOWN CONGRESS

Member of Gore Investigation Committee Tells What Has Been Learned.

SULPHUR, Okla., Aug. 16.—More details of J. P. McMurray's alleged activity in Washington to promote his ten percent attorney fee contracts in the sale of \$50,000,000 worth of Indian lands were related before the congressional investigating committee today.

W. B. Johnson, former United States Attorney, testified that certain indictments against McMurray in 1907 were ordered dismissed by the Attorney General. The indictments were returned against McMurray and others in connection with a \$500,000 expense account which McMurray had filed against the Indians in prosecuting citizenship cases.

### ACCOUNT PADDED.

It was alleged in the indictment that the expense account had been "padded." At the time the indictments were being investigated Cecil Lyon, national Republican committeeman for Texas, was in Washington.

Mr. Lyon previously had testified that he had seen the Attorney General to investigate the indictments, but he declared he never asked that they be dismissed. The indictments later were ordered dismissed.

During the term of office how many indictments were returned? Johnson was asked.

"About 7000,"  
"How many of these indictments were dismissed?"  
"Only one—that against McMurray."

### CALL TO WASHINGTON.

"After the McMurray indictment was returned I was called to Washington. I took all the papers there. After that day Assistant Attorney General Russell Brown and I went to the Indian lands in the Indian Territory."

Next to McMurray, the Indians of the Indian Territory were the most important factor in the McMurray case. McMurray was a man of great influence in the Indian Territory. He was a man of great influence in the Indian Territory. He was a man of great influence in the Indian Territory.

### LEGITIMATE LOOT.

"Every inch of land owned by Indians is looked upon as the legitimate prey of the land grabbers," this statement was made today by a member of the committee appointed by the House of Representatives to investigate Indian frauds.

Because the charges of 7.5 percent that he was offered a \$5,000 bribe to "lose" the McMurray contracts in exchange for Indian land holdings.

"The great majority of the land grabbers' movement has thus far been a campaign in behalf of foreign investors. What is now proposed is a campaign for the expropriation of the millions at home."

## SOUL SAVING WAR IS BISHOP'S PLAN

Great Movement to Be Carried on Throughout Rural Districts.

DETROIT, Aug. 16.—Another great layman's missionary movement may grow out of the statement made by Dr. Joseph L. Berry, of the Methodist Episcopal church, regarding the desecration of the rural church and the godlessness of the American farmer.

If the plans of the bishop are carried out, the movement will be similar in character to the recent great missionary movement, but the foreign movement is to christianize the United States rather than heathen countries.

The bishop has obtained, it is said, the backing of James G. Cannon, a New York banker, who is to finance the project. A great army of "missionary workers" is to invade the rural districts and advise a country-wide revival. One hundred American centers, which will reach 2000 towns, will be worked.

In reference to the campaign, Bishop Berry says: "The great layman's missionary movement has thus far been a campaign in behalf of foreign missions. What is now proposed is a campaign for the expropriation of the millions at home."

On account of the suspicious action of the man and his striking resemblance to Yamaguchi, the police will hold him for further investigation. He will be photographed and put through a full examination.

## FEWER CHRISTIANS ASSERTS MINISTER

World Declining and Advancing, Says Pastor at the Old Orchard Camp Ground.

NEW YORK, Aug. 16.—The Rev. A. B. Simpson, who created something of a sensation this week by declaring at the old Orchard camp ground in Maine that there are fewer Christians than ever in the world today, then gave a lecture in his morning in New York.

"Religiously we are at once declining and advancing. The bad is growing worse, the good is getting better. There are not as many Protestants in the United States in proportion to the population as a century ago. The causes are chiefly higher birth rate and lower death rate. Some of us still believe the only remedy for this last world is the old Gospel and people who believe it and live it with all their hearts."

## FEWER LAND THIEVES SAYS BALLINGER

Secretary of the Interior Guest at Luncheon at Klamath Falls.

KLAMATH FALLS, Ore., Aug. 15.—In a speech at dinner at Klamath Falls Sunday, Secretary of the Interior Ballinger stated that fraud and economy in the conduct of business are common causes in the handling of the country's resources.

"There is only a small proportion of the Western people who are public land owners," declared Ballinger.

He said: "The world is at once declining and advancing. The bad is growing worse, the good is getting better. There are not as many Protestants in the United States in proportion to the population as a century ago. The causes are chiefly higher birth rate and lower death rate. Some of us still believe the only remedy for this last world is the old Gospel and people who believe it and live it with all their hearts."
